Re: Letter of Recommendation

Dear Heath:

I am extremely delighted to recommend to you the exemplary quality services of Kencon Constructors/Construction Managers, LLC. They have provided prompt and efficient constructions services on all projects HKS has been involved with them on. You will find that compared to other construction managers in the market, the quality of services and pricing is among the best in the region.

Kencon Constructors/Construction Managers, LLC. has developed an outstanding reputation in the industry because of their ability to provide professional construction services on projects from pre-construction to certificate of occupancy and then into the warranty period. I personally have worked with them on several charter school projects and have no complaints. The Kencon personnel I have worked with are professional in every manner of the building process. From working with Owner's to subcontractors and everyone in between. Our projects of come in on time and within budget.

I strongly recommend Kencon Constructors/Construction Managers, LLC. for the upcoming projects with Southwest ISD and know that you will not be disappointed.

Sincerely,

Jeff Nottingham
Sr. Construction Administrator
